## **DISCLAIMER**

The Insurance and Reinsurance Dispute Resolution Task Force (Task Force) recommends that interested parties consult their own legal counsel concerning these Procedures, their use or interpretation.

These Procedures do not necessarily express the views of individual members of the Task Force or the firms or entities for which they work or which they represent.

## **FORWARD**

The insurance and reinsurance industries have long recognized the value of alternative dispute resolution mechanisms, demonstrated by the fact that arbitration clauses can be found in reinsurance contracts dating as far back as the early 1800's.

The purpose of these Procedures is to formalize what has been, until recently, an ad hoc, albeit highly developed, process used by the industry for decades. While various alternative dispute resolution service providers have developed generic arbitration procedures, and the members of the Task Force appreciate those efforts, the Task Force believes that specific industry procedures are beneficial, and needed, in order to combine the experience reflected in the generic procedures with the custom and practice developed in the insurance and reinsurance industries.

It is the hope of the Task Force members that the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes will provide a helpful framework for the conduct of future industry arbitrations and a sense of greater certainty at the time of entering into contracts about how disputes will be handled in the unfortunate event that they arise.

## **INTRODUCTION**

The Insurance and Reinsurance Dispute Resolution Task Force (Task Force) was established in the fall of 1997. Its mission was to:

Improve the reinsurance dispute resolution process by identifying common problems and recommending industry-wide, flexible, business-like solutions.

The Task Force undertook a variety of tasks, one of which was to draft a set of procedures that could be utilized by the insurance and reinsurance industries for the resolution of their contractual disputes. This set of procedures is referred to as the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes (Procedures).

In undertaking this effort, the Task Force attempted to balance several goals. One was to set forth, in writing, the actual practice that existed in insurance and reinsurance arbitrations. The second was to enhance and clarify minor procedural issues that sometimes resulted in unnecessary skirmishes between Parties. And the third was to tackle some of the major issues that caused a lack of confidence and inefficiencies in the current system, and recommend alternative procedures that might result in greater fairness and a higher level of certainty to the Parties.

It is important to note that the Task Force consists of representatives from insurance companies, reinsurance companies, trade associations, and arbitration practitioners. The Procedures are the result of many hours of (sometimes heated) discussion among the Task Force members. All points of view were represented and considered to arrive at a consensus on best practices.

The Task Force published the first version of its Procedures in September of 1999. All Task Force members believed that the Procedures were an important step forward in addressing the concerns that had been expressed. Leading industry trade associations encouraged their members to consider incorporating the Procedures into their reinsurance agreements and many did so.

Even though the Task Force stopped meeting following the publication of the original Procedures, there was an acknowledgement that the group should reconvene at some point to review how well the Procedures were being accepted and whether any modifications should be made. In 2003, with the benefit of a number of arbitrations having been conducted using the Procedures and the continued

evolution of the arbitration process, the Task Force began meeting again. While there was some turnover in the membership, the same industry segments were represented and many of the members were the same.

The overriding issue discussed by the Task Force in 2003 was the desirability of neutral panels, i.e., panels where none of the arbitrators know which party appointed them. Many practicing arbitrators had commented that under the traditional party-appointed approach, party arbitrators ran the risk of becoming advocates rather than adjudicators, which made the process more confrontational. Concluding that this was a legitimate concern, the Task Force reworked the panel selection process from the 1999 Procedures to allow for the selection of neutral panels. At the same time, the Task Force recognized that many parties would want to continue with party-appointed arbitrators, so the 1999 Procedures were retained and updated. The result is the creation of two updated sets of Procedures for 2004: one for Neutral Panels and one with Party-Appointed arbitrators.

Please note that all versions of the Procedures (1999 Procedures, 2004 Procedures, and 2004 Neutral Panel Procedures) will be maintained on the Task Force website - [www.ArbitrationTaskForce.org](http://www.ArbitrationTaskForce.org). All versions will be maintained because arbitration clauses may incorporate any one of the versions and visitors can be assured that the site will contain whichever version may be referenced.

At its final meeting in 2004, the Task Force agreed that it would survey its members in 2006 to see whether further updates and/or changes to the Procedures were necessary. Accordingly, the Task Force welcomes comments and suggestions from interested parties. Please direct your correspondence to [information@arbitrationtaskforce.org](mailto:information@arbitrationtaskforce.org). We will acknowledge receipt of all correspondence and will retain all suggestions for future consideration.

The Task Force, as a whole, believes that the Procedures are an important step forward in preventing unnecessary friction in the arbitration process and providing parties with more certainty regarding what to expect from the process. It is hoped that contracting parties will consider incorporating these Procedures in their future contracts or, through a separate agreement, applying them to their existing relationships. Parties should feel free to incorporate them, as written, or with modifications appropriate to their unique situations.

**GUIDELINES FOR USE WITH THE  
PROCEDURES FOR THE RESOLUTION OF  
U.S. INSURANCE AND REINSURANCE DISPUTES**

When incorporating the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes (Procedures) into a contract, there are three (3) items that should be considered by the contracting parties and a number of optional items that the parties may choose to consider.

It is the intent of these Guidelines to assist the contracting parties in the proper incorporation of the Procedures to ensure that inadvertent omissions do not result in unintended consequences in the event of a dispute.

Required Considerations

1. The parties should specifically refer to the Procedures and their intent to utilize them in the event of any dispute. A sample of such a clause is the following:

Unless both parties mutually agree to waive arbitration with respect to a particular dispute, the parties to this Contract hereby agree that binding arbitration shall be the sole remedy for any and all disputes arising between them with reference to any transactions, terms or conditions under this Contract, including its formation and validity. Except as provided herein,<sup>1</sup> any arbitration shall be based, insofar as applicable, upon the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes [“Neutral Panel Version” should be inserted if that version is the one intended], dated \_\_\_\_\_ (the "Procedures").<sup>2</sup>

2. The parties should indicate in the arbitration clause which set of arbitrator and umpire qualifications they intend to incorporate from the Procedures. ¶6.2 of the Procedures [¶6.3 in the Neutral Panel Version] requires designation of

---

<sup>1</sup> This sentence contemplates that the contracting parties intend to delete, add to or modify the Procedures drafted. If the parties do not intend any modification to the Procedures, the phrase "Except as provided herein" can be deleted.

<sup>2</sup> The parties should specify the version of the Procedures that they intend to incorporate by reference. The original version is dated September 1999. The Procedures were updated in April 2004. Parties should also note that there exist two versions dated April 2004 and they should specify which of the two versions are being incorporated. One version continues to utilize party-appointed arbitrators and is referred to as the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes. The other April 2004 version utilizes a neutral panel and is referred to as the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes (Neutral Panel Version).

individuals who are current or former officers, or executives of an insurer or reinsurer, while Alternative ¶6.2 of the Procedures [Alternative ¶6.3 in the Neutral Panel Version] broadens those qualifications to some extent.

Sample language could be used as follows:

Qualifications of the arbitrators and umpires shall be in accordance with [insert ¶6.2 or Alternative ¶6.2; if the Neutral Panel Version is being used, then insert ¶6.3 or Alternative ¶6.3].

3. The parties should indicate what list of default umpires will be used in the event that they are unable to agree on an umpire, or, if the Neutral Panel Version is being used, which list of candidates will be used for the selection of the entire Panel. ¶6.7 of the Procedures [¶6.4 in the Neutral Panel Version] contemplates that the parties will designate this list in their contract.

Sample language that could be used is the following:

The parties hereby designate the umpire list maintained by [insert name of entity maintaining list] as the list to be used in the event that ¶6.7(a) of the Procedures is invoked.<sup>3</sup>

Sample language that could be used for the Neutral Panel Version is the following:

The parties hereby designate the arbitrator list maintained by [insert name of entity maintaining list] as the list to be used in 6.4(a).

#### Optional Considerations

Although not necessary, the parties may consider whether or not to include the following items in their arbitration clause. Please note that this list is suggestive, not exhaustive.

1. Location of arbitration.
2. Consolidation. If the parties choose to include a consolidation provision, it might provide as follows:

If more than one reinsurer is involved in the same dispute arising out of the same contract and relating to the same loss, all such reinsurers shall constitute

---

<sup>3</sup> Selection of a particular entity may result in that entity administering the process provided in ¶6.7.

and act as one Party for the purposes of these Procedures. Communications shall be made by the ceding insurer to each of the reinsurers constituting one Party. Nothing in this paragraph, or any other provision of these Procedures, shall be construed to impair the rights of such reinsurers to assert several, rather than joint, defenses or claims, nor shall any such provision be construed to change the liability of a reinsurer with respect to a reinsurance agreement, from several to joint.

3. Choice of Law.
4. Language addressing the survivability of the arbitration clause. Sample language may be used such as the following:

This article shall survive the termination of this Contract.

OF U.S. INSURANCE AND REINSURANCE DISPUTES  
April 2004**

**1. INTRODUCTION**

- 1.1 These procedures shall be known as the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes ("Procedures"). When an agreement, submission or reference provides for or otherwise refers to arbitration under the Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes, the Parties agree that the arbitration shall be conducted in accordance with these Procedures.
- 1.2 The Parties may agree on any procedures not specified herein or may alter these Procedures by written agreement. Any such Party-agreed procedures shall be enforceable as if contained in these Procedures. These Procedures shall control any matters not changed by the Party-agreed procedures.

- 3.2 Notices required to be given under these Procedures are deemed to be given:
- (a) if sent by fax, on the date transmitted;

- (b) if sent by mail, upon delivery;
- (c) if sent by certified, registered mail or another service which produces a receipt, as indicated on the receipt.

*Note to 3.2* - Notices of Arbitration, Responses to Notices of Arbitration and Appointment of Arbitrators, should where possible, be given in a manner that produces proof of receipt (registered or certified mail or courier). After the arbitration has been commenced, notices and correspondence should, where possible, be given by instantaneous (fax or e-mail) or other expedited manner of communication.

#### Time Periods

- 3.3 When calculating any time period under these Procedures, the period shall start to run from the day immediately after that upon which notice is given. Time will then run continuously (including non-business days). If a time period expires at the end of a non-business day in the country of the recipient, the time period will be deemed extended until the end of the first following business day.

#### **4. COMMENCEMENT OF ARBITRATION PROCEEDINGS**

- 4.1 An arbitration should be initiated by a demand, in writing, that identifies the (1) Petitioner and the name of the contact person to whom all communications are to be addressed (including telephone, fax and e-mail information); (2) Respondent, as identified in the reinsurance contract, against whom arbitration is sought; (3) contract at issue; and (4) nature of the claims and/or issues.
- 4.2 The arbitration is commenced under these Procedures on the date the Respondent, or its designated representative, receives the Notice of Arbitration.
- 4.3 The Petitioner shall identify its Party-appointed arbitrator in accordance with ¶6.3.

#### **5. RESPONSE BY RESPONDENT**

- 5.1 Parties who receive a demand for arbitration shall respond to the demand, in writing, within 30 days, and such Response should con-

tain the (1) identification of the entities on whose behalf the Response is sent and the name of the contact person to whom all communications are to be addressed (including telephone, fax and e-mail information); (2) designation of the Respondent's Party-appointed arbitrator, in accordance with ¶6.3; and (3) identification of any claims of the Respondent.

## **6. APPOINTMENT AND COMPOSITION OF THE PANEL**

6.1 The Panel shall consist of three Disinterested arbitrators, one to be appointed by the Petitioner, one to be appointed by the Respondent and the third to be appointed by the two Party-appointed arbitrators. The third arbitrator shall serve as the umpire, who shall be Neutral.

6.2 The arbitrators and umpire shall be persons who are current or former officers or executives of an insurer or reinsurer.

**Alternative 6.2:** The arbitrators and umpire shall be persons who are current or former officers or executives of an insurer or reinsurer or other professionals with no less than ten years of experience in or serving the insurance or reinsurance industry.<sup>1</sup>

6.3 Within thirty (30) days following the commencement of arbitration proceedings, each Party shall provide the other Party with the identification of its Party-appointed arbitrator, his or her address (including telephone, fax and e-mail information), and provide a copy of the arbitrator's curriculum vitae.

6.4 In the event that either Party fails to appoint an arbitrator within 30 days of commencement of the arbitration, the non-defaulting Party will appoint an arbitrator to act as the Party-appointed arbitrator for the defaulting Party.

6.5 The umpire shall be appointed by the two Party-appointed arbitrators as soon as practical (but no later than 30 days) after the appointment of the second arbitrator.

6.6 The Party-appointed arbitrators may consult, in confidence, with the Party who appointed them concerning the appointment of the umpire.

---

<sup>1</sup> In the event that the Parties fail to designate in the Arbitration Agreement, whether ¶6.2 or Alternative ¶6.2 applies, the Parties shall, in the absence of agreement, default to the use of ¶6.2.

- 6.7 (a) Where the two Party-appointed arbitrators have failed to reach agreement on an umpire within the time specified in ¶6.5, each Party shall exchange, within 7 days thereafter, eight names of individuals chosen from the list maintained by \_\_\_\_\_ for the purpose of umpire selection.<sup>2</sup>
- (b) Within 7 days of the exchange of names as set forth in ¶6.7(a), the Party arbitrators shall send a joint request to the umpire candidates to complete a candidate questionnaire consistent with Appendix I of these Procedures. Candidates will be requested to return such questionnaire to each Party arbitrator so that it is received within 20 days from the date the questionnaire is sent. If any individual fails to return a questionnaire within the required time period or refuses to serve, the process set forth in this article shall continue with the remaining names. In the event that one Party's candidate pool of 8 individuals is reduced due to the failure to return questionnaires or refusals to serve, the other Party shall, within 7 days, reduce its candidate pool to the same number of individuals. If, however, one Party's candidate pool falls below 3 individuals, that Party shall, within the same 7 days, name additional individuals to replenish its candidate pool to 3 individuals from the list designated in subparagraph (a). Each additional candidate shall be asked by the Parties to complete an umpire questionnaire and return such questionnaire to each Party within 20 days from the date the questionnaire is sent. During the same 7-day period that the candidate pool is being replenished to 3 individuals, the other Party shall reduce its candidate pool to 3 individuals. Both Parties shall then proceed with 3 individuals each.
- (c) Within 7 days after the process in subparagraph (b) is completed, each Party shall finalize the other Party's list by selecting three names therefrom (no selection is necessary if each Party's candidate pool is already at 3) and notifying the other Party of its selections. (Notification shall be simultaneous and such lists of 3 candidates shall be the "Final Lists.") The umpire shall then be determined as follows:

---

<sup>2</sup> The Parties should insert an entity (or multiple entities) that maintains a list of arbitrators and/or umpires such as the American Arbitration Association, ARIAS (U.S.) or other organization maintaining a list acceptable to the Parties.

- (i) If there is one common individual on the Final Lists, that individual shall act as umpire.
  - (ii) If there is more than one common individual on the Final Lists, the Parties shall draw lots from among those common individuals, and the individual chosen by lot shall act as umpire.
  - (iii) If there is no common individual on the Final Lists, within 7 days thereafter, each Party shall rank each of the 6 selected umpire names in order of preference, with the number "1" being the most preferred and notify the other Party of such ranking. (Notification shall be simultaneous.) The individual with the lowest total numerical ranking shall act as umpire. If the ranking results in a tie, the Parties shall draw lots from among the individuals tied for the lowest total numerical rank, and the individual chosen by lot shall act as umpire.
- (d) If either Party fails to meet the time periods required in this ¶6.7, the non-defaulting Party will appoint the umpire from its original candidate pool identified in subparagraph (a).

*Note to 6.7* - Unilateral contact between a Party-appointed arbitrator and an individual considered for appointment as a default umpire under this paragraph should not be permitted. It is intended that the individuals named not be advised of which Party initiated their selection.

- 6.8 If after appointment any Party-appointed arbitrator is unable or unwilling to serve, the Party who originally appointed the arbitrator shall appoint a replacement within 14 days of the Party's receipt of notification of the arbitrator's unavailability. If the Party fails to do so, the non-defaulting Party will appoint a replacement within 14 days.
- 6.9 If after appointment an umpire is unable or unwilling to serve, a replacement umpire shall be chosen by the two Party-appointed arbitrators as soon as practical (but no later than 14 days) after notification of the umpire's inability or unwillingness to serve. Where the two Party-appointed arbitrators are unable to reach agreement, the

parties shall appoint a replacement umpire in accordance with the procedure set forth in ¶6.7.

- 6.10 Unless otherwise awarded by the Panel pursuant to Article 8 or ¶15.3, each Party shall bear the costs of its Party-appointed arbitrator and shall share equally the cost of the umpire.

## **7. CONFIDENTIALITY**

- 7.1 All meetings and hearings of the Panel are private and confidential to the Parties. Only the Panel, the Parties, the duly authorized representatives of the Parties and others participating in the proceedings may be admitted to meetings and hearings.
- 7.2 The Panel and the Parties shall use their best efforts to maintain the confidential nature of the arbitration proceedings and the Award, including the hearing and any written explanation of the Award, except (a) as necessary in connection with a judicial proceeding relating to the arbitration or the Award; (b) as otherwise required by law, regulation, independent accounting audit or judicial decision; (c) to support reinsurance or retrocessional recoveries; or (d) as otherwise agreed by the Parties. The Parties shall use their best efforts to maintain this confidentiality when pursuing any of the exceptions set forth in this paragraph, including the filing of pleadings under seal when permitted.

## **8. INTERIM RELIEF AND RULINGS**

- 8.1 A Panel may issue orders for interim relief, including pre-award security.
- 8.2 The Panel shall have the power to impose sanctions for failure to comply with an interim ruling by the Panel or for discovery-related abuse. Such sanctions shall include but are not limited to: striking a claim or defense; barring evidence on an issue; drawing an adverse inference against a Party; and imposing costs, including attorneys fees, associated with such abuse or failure to comply.

## **9. LOCATION OF PROCEEDINGS**

- 9.1 The location of all proceedings shall be at a place specified in the Arbitration Agreement or as otherwise agreed to by the Parties. In the absence of agreement, the location shall be in a convenient location as determined by the Panel.

## **10. PRE-HEARING PROCEDURE**

### Organizational Meeting

- 10.1 The Panel shall conduct an organizational meeting with the Parties and any authorized representatives for the purposes of clarifying the focus of the arbitration hearing, resolving any outstanding issues relating to the conduct of the hearing and establishing a schedule for the conduct of the proceedings in general. The organizational meeting may be conducted by telephone if agreed to by the Parties or, in the absence of agreement, if determined appropriate by the Panel.
- 10.2 At the organizational meeting, all members of the Panel shall reveal on the record their past, present and any known future business and personal relationships with the Parties, the Parties' counsel, with other Panel members, and with potential witnesses if identified in documents provided to the Panel members. Once disclosures have been made by all Panel members, Parties may be asked by the Panel to accept the Panel as duly constituted. All Panel members shall have a continuing obligation to disclose such information to the Panel and the Parties.
- 10.3 At the organizational meeting, each Party-appointed arbitrator shall disclose whether communications with the appointing Party or its counsel have taken place. In complying with this disclosure requirement, it is sufficient that the Party-appointed arbitrator disclose the fact that such communication has occurred without disclosing the content of the communication except that Party-appointed arbitrators shall identify any documents that they have examined relating to the proceeding. Such documents shall be furnished to the remainder of the Panel and the other Party.
- 10.4 The Panel may require that each Party submit concise written statements of position, including summaries of the facts and evidence a Party intends to present, discussion of the applicable law and the basis for the requested Award or denial of relief sought. The statements, which may be in letter form, shall be provided to the other Party and the Panel at least seven days prior to the organizational meeting.
- 10.5 A formal record or transcript of the organizational meeting shall be kept, unless waived by the Parties. The cost of the record or transcript shall be shared equally by the Parties. The Panel shall place on the record the disclosures required by ¶10.2.

- 10.6 The Panel may allow the Parties to present a brief overview of the matters set forth in ¶10.4, whether or not written submissions were requested or received by the Panel.
- 10.7 The Panel shall address the following:
- (a) Establish a date for the cut-off of all ex-parte communications between Parties and their Party-appointed arbitrators;
  - (b) Outstanding issues, if any, concerning fees or payment schedules of the arbitrators and/or the umpire;
  - (c) "Hold Harmless" or indemnification agreement from the Parties flowing to the Panel;
  - (d) Confidentiality agreements to ensure the confidentiality provided in Article 7;
  - (e) The extent to which depositions and other discovery will be allowed and the date by which they must be completed;
  - (f) The briefing schedule, including the dates briefs are due, whether briefs are to be sequential or simultaneous, whether the briefs have a specified page limit, and the date, location and estimated length of the hearing;
  - (g) The date by which fact and expert witnesses must be disclosed, and documents exchanged;
  - (h) Whether the Parties prefer a written rationale for the Panel's decision; and
  - (i) Requests, if any, for interim relief as set forth in Article 8.

## **11. DISCOVERY**

- 11.1 The Parties shall cooperate in good faith in the voluntary, prompt and informal exchange of all non-privileged documents and other information relevant to the dispute.
- 11.2 In addition to the voluntary exchange contemplated by ¶11.1, the Panel shall have the power to order, subject to applicable privileges,

the disclosure of such documents or class of documents relevant to the dispute as it considers necessary for the proper resolution of the dispute and to determine the date by which the documents must be disclosed.

- 11.3 The Panel shall have the power to authorize the Parties to conduct such depositions as are reasonably necessary.
- 11.4 The Panel may require each Party to provide a list of witnesses whom they intend to call at the hearing.
- 11.5 The Panel may limit document production, expert testimony and witnesses of fact on grounds of number, duplication or relevance.

## **12. MEDIATION OR SETTLEMENT**

- 12.1 The Parties may agree, at any stage of the arbitration proceedings, to submit to mediation.
- 12.2 If the Panel determines that settlement may be appropriate under the circumstances, the Panel may request that the Parties consider settlement, through mediation or otherwise, provided such efforts do not delay the arbitration proceedings.

## **13. SUMMARY DISPOSITION AND EX PARTE HEARING**

- 13.1 The Panel may hear and determine a motion for summary disposition of a particular claim or issue, either by agreement of all Parties or at the request of one Party, provided the other interested Party has reasonable notice and opportunity to respond to such request.

*Note to 13.1:* By authorizing the Panel to grant summary disposition, the Parties using these Procedures do not intend to waive their rights under the Federal Arbitration Act to contest the appropriateness of such an action, where such rights have been reserved.

- 13.2 If a Party has failed to participate in the pre-hearing proceedings and the Panel reasonably believes that the Party will not participate in the hearing, the Panel may proceed with the hearing on an ex parte basis or may dispose of some or all issues pursuant to ¶13.1. The non-participating Party shall be provided with notice thirty (30) days prior to the hearing or disposition pursuant to ¶13.1.

#### **14. *ARBITRATION HEARING***

- 14.1 Unless the Parties otherwise agree, there should be a stenographic record kept of the proceedings.
- 14.2 The Panel may decide whether and to what extent there should be oral or written evidence or submissions.
- 14.3 The Panel shall interpret the underlying agreement, which is the subject of the arbitration, as an honorable engagement, and shall not be obligated to follow the strict rules of law or evidence. In making their Award, the Panel shall apply the custom and practice of the insurance and reinsurance industry, with a view to effecting the general purpose of the underlying agreement which is the subject of the arbitration.
- 14.4 Subject to the control of the Panel, the Parties may question any witnesses who appear at the hearing. Panel members may also question such witnesses.
- 14.5 A Party may request that the other Party produce at the hearing all witnesses in their employ or under their control without need of a subpoena. The Panel may issue subpoenas for the attendance of witnesses or the production of documents. A Party or subpoenaed person may file an objection with the Panel who shall promptly rule on the objection, weighing both the burden on the producing Party and the need of the proponent for the witness or other evidence.
- 14.6 The Panel shall require that witnesses testify under oath, unless waived by all Parties. The Panel shall have the discretion to permit testimony by telephone, affidavit, or recorded by transcript, videotape, or other means, and may rely upon such evidence as it deems appropriate. Where there has been no opportunity for cross examination by the other Party, such evidence may be permitted by the Panel only for good cause shown. The Panel may limit testimony to exclude evidence that would be immaterial or unduly repetitive, provided that all Parties are afforded the opportunity to present material and relevant evidence.
- 14.7 In the event that a duly authorized representative of a party is also a testifying witness, the Panel shall have discretion to determine whether such duly authorized representative may attend meetings or hearings prior to such individual's testimony.

- 14.8 When the Panel determines that all relevant and material evidence and arguments have been presented, the Panel shall declare the evidentiary portion of the hearing closed.
- 14.9 At the conclusion of the evidentiary portion of the hearing, the Parties shall submit a proposed form of order to the Panel and to the other Party that precisely identifies the nature of the relief that the Parties seek from the Panel.
- 14.10 The Panel shall close the hearing following closing arguments and/or post hearing briefs, if any.

**15. AWARD**

- 15.1 Absent good cause for an extension as determined by the Panel, the Panel shall render the Award within thirty (30) days after the date of the closing of the hearing or, if an arbitration hearing has been waived or otherwise dispensed with, within thirty (30) days after the date that the Panel received all materials submitted by the Parties for disposition.
- 15.2 The decision and Award of a majority of the Panel shall be final and binding on the Parties.
- 15.3 The Panel is authorized to award any remedy permitted by the Arbitration Agreement or subsequent written agreement of the Parties. In the absence of explicit written agreement to the contrary, the Panel is also authorized to award any remedy or sanctions allowed by applicable law, including, but not limited to: monetary damages; equitable relief; pre- or post- award interest; costs of arbitration; attorney fees; and other final or interim relief.
- 15.4 The Award shall consist of a written statement signed by a majority of the Panel setting forth the disposition of the claims and the relief, if any, awarded. If both Parties request a written rationale for the Panel's Award, the Panel shall provide one. If either Party objects to a written rationale, the Panel shall not issue one.
- 15.5 The prohibition on ex parte communications shall remain in effect until the earlier of the Parties waiving their right to challenge the Award, the expiration of the time period during which a challenge could be filed without any such challenge being filed, or the conclusion of any challenge to the Award.

## **16. ALTERNATIVE STREAMLINED PROCEDURES**

- 16.1 The purpose of the streamlined Procedures in this Article is to provide a fair, fast and efficient alternative process for resolving disputes in which the Parties agree that streamlined Procedures are appropriate. Parties are encouraged to discuss the use of these Procedures prior to communicating a demand for arbitration. By agreement, the Parties may want to expand these Procedures to accommodate the unique needs of their particular dispute.

*Note to 16.1* - It is contemplated that the needs of a particular arbitration may require a one day hearing, the voluntary exchange of documents agreed to by the Parties, or the testimony of witnesses. This article is designed to be the basic streamlined process which can form the structure for Parties to add to as they deem appropriate to the particular dispute. The Parties are encouraged to discuss these added features and reach agreement prior to invoking the use of this Article.

determining conflicts of interest and availability and willingness to serve. Candidates will be requested to return such questionnaire to each Party so that it is received within 20 days from the date the questionnaire is sent. If any individual fails to return a questionnaire within the required time period or refuses to serve, the process set forth in this Article shall continue with the remaining names.

- (c) In the event that one Party's candidate pool of 10 individuals is reduced due to the failure to return questionnaires or refusals to serve, the other Party shall, within 7 days, reduce its candidate pool to the same number of individuals. If, however, one Party's candidate pool falls below 5 individuals, the Party shall, within the same 7 days, name additional individuals from the list designated in subparagraph (a) to replenish its candidate pool to 5 individuals. Each additional candidate shall be asked by the Parties to complete a questionnaire and return such questionnaire to each Party within 20 days from the date the questionnaire is sent. During the same 7 day period that the candidate pool is being replenished to 5 individuals, the other Party shall reduce its candidate pool to 5 individuals. Both Parties shall proceed in accordance with subparagraph (d) with 5 individuals each.
- (d) Within 7 days after the process in subparagraph (c) is completed, each Party shall finalize the other Party's list by selecting 3 names therefrom and notifying the other Party of its selections. (Notification shall be simultaneous.) Any common individuals on the final lists of 3 candidates (the "Final Lists") shall act as Panel members, with the full Panel being determined as follows:
  - (i) If there is one common individual on the Final Lists, that individual shall act as chair, and each Party shall select one Panel member from the other Party's Final List.
  - (ii) If there are two common individuals on the Final Lists, the Parties shall draw lots to determine which of the two shall act as chair. The Parties shall also draw lots to determine the third member from the remaining 2 candidates (i.e., the remaining candidate from each Party's Final List).

- (iii) If there are three common individuals on the Final Lists, the Parties shall draw lots to determine which of the three shall act as chair.
  - (iv) If there are no common individuals on the Final Lists, each Party shall select one Panel member from the other Party's Final List. The Parties shall draw lots to determine the third Panel member, with the loser of the draw making the selection from the other Party's Final List. The chair shall be determined by the drawing of lots from among the first two Panel members selected.
- (e) The parties shall jointly notify the selected Panel members and should notify those candidates who returned questionnaires that were not selected.
  - (f) If either Party fails to meet the time periods required in this ¶6.4, the non-defaulting Party will appoint the panelist(s) not yet appointed from its original candidate pool identified in subparagraph (a).
- 6.5
- (a) If after appointment a Panel member is unable or unwilling to serve, the two remaining Panel members shall select a replacement. In the absence of an agreement on a replacement, the Parties shall appoint a replacement in accordance with the procedures set forth in ¶6.4. The Parties shall exchange the names required by ¶6.4 (a) as soon as practical (but no later than 14 days) after notification of the individual's inability or unwillingness to serve.
  - (b) In the event of the appointment of a replacement Panel member, the Panel shall determine in its sole discretion whether it is necessary to repeat all or part of any prior proceedings.
- 6.6 Unless otherwise awarded by the Panel pursuant to Article 8 or ¶15.3, each Party shall share equally the cost of the Panel.

## **7. CONFIDENTIALITY**

- 7.1 All meetings and hearings of the Panel are private and confidential to the Parties. Only the Panel, the Parties, the duly authorized represen-

tatives of the Parties and others participating in the proceedings may be admitted to meetings and hearings.

- 7.2 The Panel and the Parties shall use their best efforts to maintain the confidential nature of the arbitration proceedings and the Award, including the hearing and any written explanation of the Award, except (a) as necessary in connection with a judicial proceeding relating to the arbitration or the Award; (b) as otherwise required by law, regulation, independent accounting audit or judicial decision; (c) to support reinsurance or retrocessional recoveries; or (d) as otherwise agreed by the Parties. The Parties shall use their best efforts to maintain this confidentiality when pursuing any of the exceptions set forth in this paragraph, including the filing of pleadings under seal when permitted.

## **8. *INTERIM RELIEF AND RULINGS***

- 8.1 A Panel may issue orders for interim relief, including pre-award security.
- 8.2 The Panel shall have the power to impose sanctions for failure to comply with an interim ruling by the Panel or for discovery-related abuse. Such sanctions shall include but are not limited to: striking a claim or defense; barring evidence on an issue; drawing an adverse inference against a Party; and imposing costs, including attorneys fees, associated with such abuse or failure to comply.

## **9. *LOCATION OF PROCEEDINGS***

- 9.1 The location of all proceedings shall be at a place specified in the Arbitration Agreement or as otherwise agreed to by the Parties. In the absence of agreement, the location shall be in a convenient location as determined by the Panel.

## **10. *PRE-HEARING PROCEDURE***

### **Organizational Meeting**

- 10.1 The Panel shall conduct an organizational meeting with the Parties and any authorized representatives for the purposes of clarifying the focus of the arbitration hearing, resolving any outstanding issues relating to the conduct of the hearing and establishing a schedule for the conduct of the proceedings in general. The organizational meet-

ing may be conducted by telephone if agreed to by the Parties or, in the absence of agreement, if determined appropriate by the Panel.

- 10.2 At the organizational meeting, all members of the Panel shall reveal on the record their past, present and any known future business and personal relationships with the Parties, the Parties' counsel, with other Panel members, and with potential witnesses if identified in documents provided to the Panel members. Once disclosures have been made by all Panel members, Parties may be asked by the Panel to accept the Panel as duly constituted. All Panel members shall have a continuing obligation to disclose such information to the Panel and the Parties.
- 10.3 The Panel may require that each Party submit concise written statements of position, including summaries of the facts and evidence a Party intends to present, discussion of the applicable law and the basis for the requested Award or denial of relief sought. The statements, which may be in letter form, shall be provided to the other Party and the Panel at least 7 days prior to the organizational meeting.
- 10.4 A formal record or transcript of the organizational meeting shall be kept, unless waived by the Parties. The cost of the record or transcript shall be shared equally by the Parties. The Panel shall place on the record the disclosures required by ¶10.2.
- 10.5 The Panel may allow the Parties to present a brief overview of the matters set forth in ¶10.3, whether or not written submissions were requested or received by the Panel.
- 10.6 The Panel shall address the following:
  - (a) Outstanding issues, if any, concerning fees or payment schedules of the Panel members;
  - (b) "Hold Harmless" or indemnification agreement from the Parties flowing to the Panel;
  - (c) Confidentiality agreements to ensure the confidentiality provided in Article 7;
  - (d) The extent to which depositions and other discovery will be allowed and the date by which they must be completed;

- (e) The briefing schedule, including the dates briefs are due, whether briefs are to be sequential or simultaneous and whether the briefs have a specified page limit, and date, location, and estimated length of hearing;
- (f) The date by which fact and expert witnesses must be disclosed and documents exchanged;
- (g) Whether the Parties prefer a written rationale for the Panel's decision; and
- (h) Requests, if any, for interim relief as set forth in Article 8.

## **11. DISCOVERY**

- 11.1 The Parties shall cooperate in good faith in the voluntary, prompt and informal exchange of all non-privileged documents and other information relevant to the dispute.
- 11.2 In addition to the voluntary exchange contemplated by ¶11.1, the Panel shall have the power to order, subject to applicable privileges, the disclosure of such documents or class of documents relevant to the dispute as it considers necessary for the proper resolution of the dispute and to determine the date by which the documents must be disclosed.
- 11.3 The Panel shall have the power to authorize the Parties to conduct such depositions as are reasonably necessary.
- 11.4 The Panel may require each Party to provide a list of witnesses whom they intend to call at the hearing.
- 11.5 The Panel may limit document production, expert testimony and witnesses of fact on grounds of number, duplication or relevance.

## **12. MEDIATION OR SETTLEMENT**

- 12.1 The Parties may agree, at any stage of the arbitration proceedings, to submit to mediation.
- 12.2 If the Panel determines that settlement may be appropriate under the circumstances, the Panel may request that the Parties consider settle-

ment, through mediation or otherwise, provided such efforts do not delay the arbitration proceedings.

### **13. SUMMARY DISPOSITION AND EX PARTE HEARING**

- 13.1 The Panel may hear and determine a motion for summary disposition of a particular claim or issue, either by agreement of all Parties or at the request of one Party, provided the other interested Party has reasonable notice and opportunity to respond to such request.

*Note to 13.1:* By authorizing the Panel to grant summary disposition, the Parties using these Procedures do not intend to waive their rights under the Federal Arbitration Act to contest the appropriateness of such an action, where such rights have been reserved.

- 13.2 If a Party has failed to participate in the pre-hearing proceedings and the Panel reasonably believes that the Party will not participate in the hearing, the Panel may proceed with the hearing on an ex parte basis or may dispose of some or all issues pursuant to ¶13.1. The non-participating Party shall be provided with notice thirty (30) days prior to the hearing or disposition pursuant to ¶13.1.

### **14. ARBITRATION HEARING**

- 14.1 Unless the Parties otherwise agree, there should be a stenographic record kept of the proceedings.
- 14.2 The Panel may decide whether and to what extent there should be oral or written evidence or submissions.
- 14.3 The Panel shall interpret the underlying agreement, which is the subject of the arbitration, as an honorable engagement, and shall not be obligated to follow the strict rules of law or evidence. In making their Award, the Panel shall apply the custom and practice of the insurance and reinsurance industry, with a view to effecting the general purpose of the underlying agreement which is the subject of the arbitration.
- 14.4 Subject to the control of the Panel, the Parties may question any witnesses who appear at the hearing. Panel members may also question such witnesses.
- 14.5 A Party may request that the other Party produce at the hearing all witnesses in their employ or under their control without need of a

subpoena. The Panel may issue subpoenas for the attendance of witnesses or the production of documents. A Party or subpoenaed person may file an objection with the Panel who shall promptly rule on the objection, weighing both the burden on the producing Party and the need of the proponent for the witness or other evidence.

- 14.6 The Panel shall require that witnesses testify under oath, unless waived by all Parties. The Panel shall have the discretion to permit testimony by telephone, affidavit, or recorded by transcript, videotape, or other means, and may rely upon such evidence as it deems appropriate. Where there has been no opportunity for cross-examination by the other Party, such evidence may be permitted by the Panel only for good cause shown. The Panel may limit testimony to exclude evidence that would be immaterial or unduly repetitive, provided that all Parties are afforded the opportunity to present material and relevant evidence.
- 14.7 In the event that a duly authorized representative of a party is also a testifying witness, the Panel shall have discretion to determine whether such duly authorized representative may attend meetings or hearings prior to such individual's testimony.
- 14.8 When the Panel determines that all relevant and material evidence and arguments have been presented, the Panel shall declare the evidentiary portion of the hearing closed.
- 14.9 At the conclusion of the evidentiary portion of the hearing, the Parties shall submit a proposed form of order to the Panel and to the other Party that precisely identifies the nature of the relief that the Parties seek from the Panel.
- 14.10 The Panel shall close the hearing following closing arguments and/or post hearing briefs, if any.

## **15. AWARD**

- 15.1 Absent good cause for an extension as determined by the Panel, the Panel shall render the Award within thirty (30) days after the date of the closing of the hearing or, if an arbitration hearing has been waived or otherwise dispensed with, within thirty (30) days after the date that the Panel received all materials submitted by the Parties for disposition.

- 15.2 The decision and Award of a majority of the Panel shall be final and binding on the Parties.
- 15.3 The Panel is authorized to award any remedy permitted by the Arbitration Agreement or subsequent written agreement of the Parties. In the absence of explicit written agreement to the contrary, the Panel is also authorized to award any remedy or sanctions allowed by applicable law, including, but not limited to: monetary damages; equitable relief; pre- or post- award interest; costs of arbitration; attorney fees; and other final or interim relief.
- 15.4 The Award shall consist of a written statement signed by a majority of the Panel setting forth the disposition of the claims and the relief, if any, awarded. If both Parties request a written rationale for the Panel's Award, the Panel shall provide one. If either Party objects to a written rationale, the Panel shall not issue one.
- 15.5 The prohibition on ex parte communications shall remain in effect until the earlier of the Parties waiving their right to challenge the Award, the expiration of the time period during which a challenge could be filed without any such challenge being filed, or the conclusion of any challenge to the Award.

## **16. ALTERNATIVE STREAMLINED PROCEDURES**

- 16.1 The purpose of the streamlined Procedures in this Article is to provide a fair, fast and efficient alternative process for resolving disputes in which the Parties agree that streamlined Procedures are appropriate. Parties are encouraged to discuss the use of these Procedures prior to communicating a demand for arbitration. By agreement, the Parties may want to expand these Procedures to accommodate the unique needs of their particular dispute.

*Note to 16.1* - It is contemplated that the needs of a particular arbitration may require a one day hearing, the voluntary exchange of documents agreed to by the Parties, or the testimony of witnesses. This article is designed to be the basic streamlined process which can form the structure for Parties to add to as they deem appropriate to the particular dispute. The Parties are encouraged to discuss these added features and reach agreement prior to invoking the use of this Article.

- 16.2 A request for arbitration utilizing these streamlined Procedures may be made by the Petitioner in its written demand for arbitration pursuant to ¶4.1. When a request for streamlined arbitration is made by

the Petitioner, the Respondent must agree, in writing, no later than 7 days from the date of receiving such request. Failure of the Respondent to reply within 7 days shall be deemed to be a rejection of the request, and the arbitration will proceed in accordance with the provisions of Articles 1 through 15 of these Procedures.

- 16.3 Upon receipt of a Notice of Arbitration, the Respondent may request the use of streamlined Procedures, in writing, no later than 7 days after receipt of the Notice of Arbitration. The Petitioner must agree, in writing, no later than 7 days from the date that the Petitioner receives such request. Failure of the Petitioner to respond within 7 days shall be deemed a rejection of the request, and the arbitration will proceed in accordance with the provisions of Articles 1 through 15 of these Procedures.
- 16.4 The Panel shall consist of one Neutral arbitrator, selected by agreement of the Parties. If the Parties cannot agree on an appointment within 30 days of the agreement to proceed by these streamlined Procedures, the Parties shall default to the use of Articles 1 through 15 of these Procedures in lieu of proceeding pursuant to this Article.
- 16.5 Ex parte communication with the Neutral arbitrator is prohibited.
- 16.6 Within 21 days from the date the Neutral arbitrator is agreed upon, the Parties and the Neutral arbitrator will conduct an organizational meeting by telephone conference call to familiarize the Neutral arbitrator with the issues in dispute and to agree on a schedule for submission of briefs.
- 16.7 There shall be no discovery, unless the Parties agree otherwise.
- 16.8 The dispute shall be submitted to the Neutral arbitrator on briefs and documentary evidence only, unless the Parties agree otherwise.
- 16.9 The Neutral arbitrator shall render its decision in accordance with the provisions of Article 15 of these Procedures.

## **17. SEVERABILITY**

- 17.1 If any provision of these Procedures, or amendments thereto, is held invalid, such invalidity shall not affect other provisions or applications of these Procedures which can be given effect without the invalid application or provision, and to this end each provision of these Procedures, and any amendments thereto, is severable.

The undersigned trade associations have reviewed the suggested Procedures for the Resolution of U.S. Insurance and Reinsurance Disputes - both the regular and the neutral panel versions, dated April 2004, and believe that the Procedures are an important step forward in preventing unnecessary friction, addressing areas of uncertainty and providing parties with greater clarification of what to expect from the arbitration process. Insurers and reinsurers may consider the use of the suggested Procedures as a resource when developing reinsurance contract language or modifying arbitration procedures under existing reinsurance contracts.
