Overview – Beyond the Traditional Reinsurance Arbitration –“Non-Traditional Disputes”

ARIAS·U.S. is seeking dynamic, relevant, and interesting content for the 2017 Fall Conference to be held November 2- 3 at the Marriott Marquis in New York. The planning committee is looking for presentations beyond the traditional reinsurance arbitration. While many reinsurance disputes involve the collection of long tail asbestos or environmental losses, at this conference, we plan to highlight other "non-traditional" disputes which can be and often are resolved through arbitration. These might include disputes involving a diverse array of products, businesses or lines, including disputes between policyholders and insurers as well as MGA, agency and/or broker disputes, workers compensation and/or life reinsurance disputes, structured finance disputes and other disputes focused on financial matters, disputes involving captives, Bermuda Form arbitrations and others.

ARIAS·U.S. is seeking submissions for 45 to 60 minute interactive presentations in a General or Breakout session format. Submissions should be interactive, skill-based and/or audience participative or other forms of presentation that encourage interaction and lively discussions. Special consideration will be given to proposals that incorporate unique presentation formats. The ARIAS·U.S. planning committee may also provide suggestions for enhancing the panel and overall conference experience for participants. The planning committee is looking to avoid “talking head” presentations for the Fall Conference and invites submissions that fit within the listed conference themes that explore specific challenges, topics and issues in-depth. Please review the details and guidelines of this RFP process thoroughly before proceeding.

The conference planning committee is interested in providing fresh and relevant content to keep conference participants engaged. Please answer briefly, the following questions below to help us understand the focus and relevance of your submission to current events and issues within the selected conference topic.

A. What is the specific topic you are proposing and why?

A panel discussion with representatives of AIDA International and certain ARIAS chapters, i.e., ARIAS Europe, ARIAS UK, and ARIAS LatAm, chaired and moderated by ARIAS US, to discuss differences and practices among the various Chapters and identifying opportunities of collaboration and cross-fertilisation. It is currently a topic of great importance, however, many people do not know about international practices. We want to give the audience the opportunity to discover how arbitration works within the different jurisdictions, and identify possibilities to expand their practise and expertise to other jurisdictions.

B. What makes this topic of interest to the conference audience?

This panel will explain development of arbitration in other jurisdictions, differences among the various ARIAS Chapter, engage and discuss best practices, collaboration and manners in which arbitrators may use their skills in other jurisdictions.

C. Why is it relevant? Are there any current events or articles you can share?

There are efforts around the world to resolve insurance and reinsurance disputes in arbitration and it is of outmost relevance to compare best practices, make efforts to collaborate and explore manners in which skilled arbitrators and professionals may expand their respective practice in other jurisdictions.
