# Welcome from the Conference Program Co-Chairs

Dear Colleagues:

Thank you for joining us for the 2019 ARIAS•U.S. Spring Conference. Throughout the conference, we will enjoy stimulating discussions, network with industry colleagues and fun in the sun (we hope).

This Spring Conference will focus on the impact of changes in the legal, technological and business environments on reinsurance arbitration. The sessions will cover topics of value to arbitrators, businesspeople and lawyers. Among the sessions planned are:

**Reinsurance for cannabis-related business.** The conference will begin on a "high note," as an expert panel explores the risks and rewards presented by the cannabis industry. Businesses are rushing to exploit the huge market for cannabis as states legalize this plant-based drug. Insurance and reinsurance issues will inevitably follow. The panel will discuss both opportunities and risks.

**Artificial intelligence and its potential repercussions.** Companies from Silicon Valley to China are racing to perfect artificial intelligence. This panel will help the uninitiated understand what artificial intelligence is and how it will affect the insurance and reinsurance business (both as an insurance risk and as a business tool).

**Catastrophic loss and the regulatory response.** What happens when regulators get involved with insurers' responses to catastrophes? A panel of claims experts, lawyers and regulators will explore the issues – and their reinsurance implications.

**Implications of alternative capital.** Traditional insurance and reinsurance markets face increasing competition from alternative capital, ranging from cat bonds to parametric insurance. Arbitrators, lawyers and claims professionals need to keep up with the changing market – and its implications for reinsurance arbitration.

**Unconscious bias.** No matter how hard we try to be fair, we are all subject to unconscious biases. This session will discuss sources of unconscious bias; how unconscious biases can affect the decisions of arbitrators, parties and counsel; and strategies for becoming aware of these impediments to sound decision making.

**Legal developments in arbitrability.** The Supreme Court and the lower courts continue to decide issues related to arbitration at a surprisingly rapid pace. Arbitrators, lawyers and companies need to understand the latest developments. This panel will help them keep up to date.

Other general and breakout sessions will explore issues such as the following:

- statutes that revive otherwise time-barred sexual abuse claims;
- the insurance and reinsurance implications of hacking;
- the impact of restructuring on dispute resolution;
- expert witness issues;
- qualification as an arbitrator in life reinsurance disputes; and
- ethics.

Of course, the conference is not all business. Each evening will feature a networking reception and the chance to catch up with old friends and make new ones. In keeping with ARIAS tradition, Thursday afternoon will be open for golf, tennis and other activities.

As always, the conference will be conducted in accordance with the ARIAS•U.S. Antitrust Policy, which is available in the **About ARIAS** section of the website, at [www.ARIAS-us.org](http://www.ARIAS-us.org).

Sincerely,

# General Information

## Welcome to the 2019 ARIAS•U.S. Spring Conference!

**ATTIRE** – The general dress code for the conference is “business casual.” This means that while speakers and panel members may be in business professional attire with a tie or suit jacket, it is not a requirement for attendees. Usually at these conferences, attendees will dress up a bit more for the evening receptions.

**BADGES** – Conference badges will be issued to all attendees. Please wear your badge at all times to access all conference functions.

**SESSION MATERIALS** – For conference attendees, session materials are available on the ARIAS•U.S. website.

**CONTINUING LEGAL EDUCATION** – Continuing legal education credits will be awarded for New York, Illinois and Pennsylvania. Sign-in and sign-out sheets are for attorneys who wish to receive CLE Credit. Certificates of attendance will be based solely upon these sheets. You must sign in and out to receive credit. There will be sign-in and out sheets on tables outside the General Session, next to Registration. The sign-in and out sheets for the Thursday Breakout Sessions will be on tables near each room, and signage will be displayed clearly for each session. Make sure you sign in and out of the various sessions with the time you arrive and the time you leave in order to receive full credit. Certificates of attendance will be sent via email to everyone who has signed in and out. This is required by the New York State CLE Board.

**ARIAS•U.S. CERTIFICATION** – Participants receiving credit for ARIAS•U.S. Certification does not have to sign in and out and will not be provided with a certificate of completion. Participants, however, must be in the training session and not in the hallways. This is a directive from the ARIAS•U.S. Board of Directors.

**OBTAINING CREDIT FOR THE CONFERENCE** – You will not receive full credit for a session if you are standing in the hallways or arrive late or leave early. The training is taking place in the session rooms; you must be inside. This is true both for CLE training and for ARIAS•U.S. Certification credit.

**OPINIONS AND COMMENTS** – Opinions and comments expressed in the enclosed materials and during the conference sessions are not necessarily those of ARIAS•U.S., the firms or companies with which the speakers are associated, or even the speakers themselves. Some arguments are made in the context of fictitious disputes to illustrate methods of handling issues; others are individual opinions about the handling of an issue. Every dispute or matter presents its own circumstances that provide the context for decisions.

Finally, please note that this conference will be conducted in accordance with the ARIAS•U.S. Antitrust Policy, which is enclosed and is also available in the About ARIAS•U.S. section of the website ([www.ARIAS-us.org](http://www.ARIAS-us.org)). We hope you enjoy the conference!

### Rapid Fire Session - Arbitrability: The Power of Arbitrators to Determine Gateway Issues

*Venetian Ballroom*

On January 8, 2019, the U.S. Supreme Court issued a unanimous opinion in *Henry Schein v. Archer & White Sales, Inc.* holding that where a contract delegates the question of arbitrability to the arbitrators, a court may not override the contract on the grounds that the arbitrability claim is "wholly groundless." Other courts have taken a different approach: declaring arbitration provisions void in states that prohibit arbitration clauses in insurance contracts. During this presentation, we will delve into questions of arbitrability and the implications that case law will have on the power of arbitration panels presiding over insurance/reinsurance arbitrations to determine "gateway" issues. We will also explore how the wording of arbitration provisions in insurance/reinsurance contracts influences not only the "gateway" issues, but whether, in fact, the dispute is arbitrable. We look forward to audience participation in furthering this important discussion.

## THE ARIAS•U.S. 2019 SPRING CONFERENCE WILL BE CONDUCTED UNDER THE ARIAS•U.S. ANTITRUST POLICY

### ARIAS•U.S. POLICY STATEMENT AND GUIDELINES CONCERNING ANTITRUST COMPLIANCE

ARIAS•U.S. is a not-for-profit corporation that promotes improvement of the insurance and reinsurance arbitration process for the international and domestic markets. ARIAS•U.S. provides initial training, continuing in-depth conferences, and workshops in the skills necessary to serve effectively on an insurance/reinsurance arbitration panel. In addition, ARIAS•U.S. certifies a pool of qualified arbitrators and serves as a resource for parties involved in a dispute to find the appropriate persons to resolve the matter in a professional, knowledgeable and cost-effective manner.

ARIAS•U.S. members include representatives of insurance companies, reinsurance companies, law firms and independent contractors with experience in the field. Some of the participants in ARIAS•U.S. meetings may be in competition with one another. For this reason, ARIAS•U.S. wishes to state unequivocal support for the policy of competition served by the antitrust laws.

#### The Policy of ARIAS•U.S. Requires Full Compliance with the Antitrust Laws

ARIAS•U.S. is firmly committed to free competition. In particular, ARIAS•U.S. stresses that members have and retain full and exclusive authority for making their own decisions in arbitrations or litigations in which they are involved, as well as in all of their business activities. ARIAS•U.S. does not in any way serve to facilitate agreements among competitors to coordinate their activities with respect to billing practices, collections, underwriting, or any other competitively sensitive activity of insurers or reinsurers. Rather, ARIAS•U.S. exists solely in order to provide educational and informational assistance in connection with the dispute-resolution process of arbitration or litigation.

Although the activities of ARIAS•U.S. are not intended to restrain competition in any manner, it is always possible that meetings involving competitors could be seen by some as an opportunity to engage in anti-competitive conduct. Good business judgment requires making substantial efforts to safeguard against any appearance of an antitrust violation -- both because ARIAS•U.S. has a firm commitment to the principle of free competition, and because the penalties for antitrust violations are severe. Certain violations of the Sherman Act, such as price fixing, are felony crimes for which individuals may be imprisoned or fined. In recent years, corporations have paid hundreds of millions of dollars in fines for these antitrust offenses. In addition, class actions and other treble damage claims by private parties are very expensive to litigate and can result in large judgments. Penalties might be imposed upon ARIAS•U.S., its individual and corporate members, and their individual representatives if they were adjudged to have violated the antitrust laws in connection with their ARIAS•U.S. activities. Members should not count on an antitrust immunity simply because insurance is a highly regulated industry.

It is the responsibility of every member of ARIAS•U.S. fully to comply with the antitrust laws in all ARIAS•U.S. activities. In order to assist members in recognizing situations that may raise the appearance of an antitrust problem, the meeting chair shall furnish at each meeting a copy of this Policy Statement and the following Guidelines.

## Guidelines to Ensure Antitrust Compliance

Many ARIAS•U.S. members are skilled in the legal process and may be expected to understand their responsibilities under the antitrust laws. Nonetheless, it is useful to state, as a reminder, some basic guidelines that will minimize potential antitrust risk.

1. ARIAS•U.S. members may freely discuss matters that are not competitively sensitive, such as legal developments, ethical principles, procedures, laws that affect the industry, ways to make proceedings more efficient, and technical problems involved in arbitration or litigation. It is permissible, for example, to draft sample arbitration clauses that parties may select on a voluntary basis.

2. ARIAS•U.S. meetings and activities shall not be used as an occasion to reach or attempt to reach any understanding or agreement among competitors -- whether written or oral, formal or informal, express or implied -- to coordinate their activities with regard to billing, collections, premiums, terms or conditions of contracts, territories or customers. Thus, for example, competing cedents (or competing reinsurers) should not agree with one another that they will require use of a particular arbitration clause, and especially should not agree that they will boycott parties that reject the clause.

3. The best way to guard against the appearance of such an agreement is to avoid any discussion of subjects that might raise concern as a restraint on competition. Accordingly, ARIAS•U.S. meetings and activities shall not be used as the occasion for competitors to exchange information on any competitively sensitive subjects, including the following:

(a) ARIAS•U.S. activities and communications shall not include discussion among competitors to coordinate their activities with respect to billing practices, collection activities, premium setting, reserves, costs, or allocation of territories or customers.

(b) ARIAS•U.S. members shall not use the occasion of any ARIAS•U.S. activities to discuss coordinated actions involving other competitors, suppliers or customers. Such discussions could be misconstrued as an agreement to boycott third parties. For example, if a member decides it will decline to pay certain types of billings from a customer, the member should not discuss this decision with a competitor, because a common plan on such a subject could be considered an unlawful conspiracy or boycott. Accordingly, ARIAS•U.S. members should not discuss any proposal: to coordinate policies or practices in, billings or collections; to prevent any person or business entity from gaining access to any market or customer; to prevent any business entity from obtaining insurance or reinsurance services or legal or consulting services freely in the market; or to influence the availability, terms, provisions, premiums or other aspects of any reinsurance policy or line of insurance.

4. A written agenda shall be prepared in advance for every formal ARIAS•U.S. meeting. Where practical, the agenda shall be reviewed in advance by counsel. The written agenda shall be followed throughout the meeting. Where minutes are kept, the minutes of all meetings shall be reviewed by counsel (if possible) and, after such review, shall be distributed to all members of the body holding the meeting. Approval of the minutes shall be obtained after review at the next meeting.

5. Members are expected to observe the standards of conduct stated above in all informal discussions that take place at the site of ARIAS•U.S. meetings, and in all communications concerning ARIAS•U.S. business.

6. If a member suspects that any unlawful agreements are being discussed, the member should leave the discussion immediately and should consult counsel.

7. Questions concerning these Guidelines may be directed to the Chairman of the Law Committee of ARIAS•U.S.
